

CPC30320 Certificate III in Concreting

The CPC30320 Certificate III in Concreting is a trade level qualification and provides students with necessary skills and knowledge to work in concreting operations on residential and commercial projects.

The qualification has core unit of competency requirements that cover common skills for the construction industry, as well as a specialist field of work.

Please note: Completion of the general induction training program specified by the National Code of Practice for Induction Training for Construction Work (ASCC 2007) is required before entering a construction work site. Achievement of unit CPCCOHS1001A, CPCCWHS1001A or CPCWHS1001 (White Card) covers this requirement but is not included within this course.

Course Information

Duration

4 years

Career Opportunities

- Minimum working age

- Access to tools and equipment as per FERC
- Registered apprenticeship*

Career Opportunities

Concreter, Concrete Tilt Panel Fabricator, Concrete Pump Operator

Location

Employers worksite

*A training contract is a legally binding agreement between the employer and the apprentice or trainee. In signing the training contract, both parties are bound by certain obligations expressed in the contract. The training contract sets out the terms of the apprenticeship or traineeship, which are agreed to by both the employer and the apprentice or trainee.

\$81,900 per year Average Salary

This is the average Concreter salary in Australia*.
