

CPC50320 Diploma of Building and Construction (Management)

The CPC50320 Diploma of Building and Construction (Management) course will provide you with the skills and experience to manage complex construction planning, operational, evaluation, and problem-solving challenges. It covers building construction theory and practices related to residential and commercial site management applications.

As part of this qualification you will learn how to manage budgets, resources (physical and material), Work Health and Safety and team management. Our elective

units will provide you with experience in learning to apply building codes, project costings, contract management and structural principles to medium rise construction projects.

Training is delivered by accredited trainer/assessors with current industry experience. Upon successful completion of this course, students may be eligible for exemptions for a Tertiary level qualification or higher degree.

Training is delivered by accredited trainer/assessors with current industry experience. Upon successful completion of this course, students may be eligible for exemptions for a Tertiary level qualification or higher degree.

Everthought assesses your skills, knowledge and experience against nationally accredited qualifications or units of competency. This means that you may not need to complete any additional formal study where you can provide sufficient evidence of your industry experience or previous training. Gap Training can be provided as required. Everthought will guide you through its easy five-step process.

Potential gap training is provided by accredited, trade trainer/assessors with current industry experience.

Course Information

Course Information

Duration

12 months

Prerequisites

There are no pre-entry requirements to the course; even if you are brand new to the Building Trade, with the right attitude and appetite to learn, you will be able to join the course. Prior to commencement, you will be required to undertake a quiz that will enable us to identify if additional learning support may be required.

Aside from the quiz, there are no pre-entry requirements to the course; even if you are brand new to the Building Trade, with the right attitude and appetite to learn, you will be able to join the course.

Career Opportunities

Building Project Manager, Construction Manage

Assessment

To demonstrate competency in each unit, you will undertake a number of assessment tasks. The assessments are a combination of knowledge questions, scenario based and practical activities. Your trainer will provide guidance and support to assist you in completing your assessments successfully.

Start Date

Enrolments are taken on an ongoing basis. Students can make an enquiry online at any time, or over the phone or in person during business hours.
