WHS in Construction

Our Work Health and Safety for the Construction Industry Course is vital for anyone working in the construction industry, as it teaches you how to apply work health and safety requirements and policies and procedures on-site. Nothing is more important than safety, which is why having this course under your belt will make you an invaluable asset on any construction site in Australia.

The benefits of Work Health & Safety for the Construction Industry

Lead your own workshops

- Learn how to lead risk management workshops in an organisation. This will teach you how to facilitate the identification of hazards and potential hazards, in order to assess the risks within a workplace. From there you will devise controls that are designed to mitigate these risks.

White Card

- You will also gain a White Card through completion of this course, which is essential for any worker to be allowed entry to construction sites.

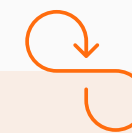

Our Work Health & Safety for the Construction Industry course teaches you the skills required to remain safe on a construction site, whilst also facilitating you with the knowledge to run your own WHS workshops.

Safety is essential in all workplaces, but even more so on construction sites. Make yourself invaluable on-site by upskilling yourself in WHS.

As a bonus, you will also gain a White Card by completing this course.

Join us for Work Health & Safety for the Construction Industry.

Everthought Now is the online program of Everthought.

Flexible study, designed around you

Study your way, wherever you are. If you have a working computer with internet connection, you have a classroom. Easy booking for practicals.

Hands-on, practical outcomes

Most of the training happens online, so you can fit it in around your current work from wherever you are.

Mentor Led to Guide you Through Every Step

Online access to the highest quality industry mentors and trainers to guide you through the course content.

*face-to-face in QLD
*face-to-face in QLD

Enrolment

There are no prerequisites for the white card course, however due to licencing regulations, applicants are required to be aged 15+ to apply for this training.

If you reside in QLD and would like to obtain a White Card, you will need to provide three forms of ID that shows evidence of your full name, date of birth, your signature, and a photo. This can be a combination of documents such as:

- Photo ID such as a current Australian driver's licence, Queensland Card 18+ (laminated), or an Australian Passport
- An original full birth certificate
- A Medicare card

For further examples of acceptable evidence of identity, please visit the WorkSafe Queensland Government website by clicking here: [WorkSafe QLD gov](https://www.worksafe.qld.gov)

If you reside in WA and would like to obtain a Construction Industry Training Card (CIT) you will need to provide ID. This could include:

- Current Western Australian Driver's Licence; or
- Current Western Australian learner driver's permit; or
- Current Western Australian Student Identification; or

- Recent utilities invoice with a Western Australia address and the name of the person to whom the CIT card will be issued

For further examples of acceptable evidence of identity, please visit [Safe Works WA](https://www.safeworks.wa.gov.au)

Tech Requirements

You will need to have access to a laptop or desktop computer with a reliable internet connection.

Everthought Now accepts no responsibility for personal electronic devices that are utilised for the course and undertakes no responsibility to investigate their damage.

Assessments

To demonstrate competence in a unit of competency, you will undertake a number of assessment pieces. The assessments are made up of a mix of questions, reports, and/or practical demonstrations. Queensland students who want to be issued with a white card will be required to attend a face-to-face training and assessment day at the Brisbane campus.

What happens next?

Here's what you can expect after you've applied:

- You can go on to complete the online enrolment process or contact your course advisor with any questions you might have
- Once enrolled, you will receive your log in details to our online learning platform, Everthought Now, where you can commence your study.
- Upon completion you will receive a Statement of Attainment for successfully completing the requirements for:

- CPCWHS1001 - Prepare to work safely in the construction industry
- CPCCWHS2001 - Apply WHS requirements, policies and procedures in the construction industry
- BSBWHS513 - Lead WHS risk management

If you complete the requirements for a White Card (depending on your State), you will receive your White Card in the mail.
