Section 1. WELCOME TO EVERTHOUGHT COLLEGE OF CONSTRUCTION (ECOC)

1.01 MESSAGE FROM GENERAL MANAGER

Welcome to your new course and thank you for selecting Everthought College of Construction as your preferred place of study. As General Manager, I can assure students that I will fully support the implementation of all quality, management and operational functions articulated in this Student Handbook. I will ensure myself and the ECOC team adhere to our underlying philosophy of continuous quality improvement in all aspects of our operations. We welcome your input to ensure that our services meet your expectations.

This Student Handbook provides the direction that informs and guides Everthought College of Construction (ECOC) towards the provision of best practice in training development, management, and service delivery. It also shares the rules that we must all adhere to, which are aligned with the Commonwealth regulation and legislation, and which govern all Australian vocational Registered Training Organisations (RTOs) which are delivering accredited training services to international students. For all our international students, it will ensure that your investment provides the very best possible training experience and outcome.

Thank you once again for choosing ECOC to deliver your training needs. We trust that this Handbook will provide the information you need to proceed with your enrolment and successfully complete your training. Prior to enrolment in one of our courses, you will have an opportunity to discuss the information in this Student Handbook with one of our team who will confirm that you have had a chance to consider and that you understand this important information. If you have any questions prior to enrolment or at any time in the future, please don't hesitate to contact myself or members of the team.

I wish you every success!
Michael Wallace

Section 2. OVERVIEW OF AUSTRALIA

2.01 ABOUT AUSTRALIA

Students who want to study in an English-speaking country have several choices, including Australia, New Zealand, the UK, USA, and Canada. However, many students choose Australia because of our quality education system, which is recognised worldwide, our low cost of living and high living standards. Our educational system is regulated by the government to ensure that all institutions consistently maintain quality standards. Also, institutions that enrol international students must comply with additional requirements, to ensure that the students are accurately informed about their course of study, and that their financial investment is protected.

Australia consists of six states, two major mainland territories, and other minor territories. The states are New South Wales, Queensland, South Australia, Tasmania, Victoria, and Western Australia. The two major mainland territories are the Northern Territory and the Australian Capital Territory.

Please refer to the following websites to get general information about living in Australia.

2.02 AUSTRALIAN PEOPLE AND LIFESTYLE

Australians are generally friendly, easy-going people who work hard during the week and enjoy a relaxed laid-back lifestyle during the weekend. Australian people enjoy outdoor activities, such as sport, beach activities, backyard barbecues and family picnics. Young people like spending time with their friends – going to sporting events, music festivals, concerts, live performances, night clubs and restaurants are quite common forms of socialising.

2.03 BRINGING YOUR FAMILY TO AUSTRALIA

You can bring your family to Australia on a student visa. Please visit the Department of Home Affairs website at <https://www.homeaffairs.gov.au/trav/stud> for further information regarding eligibility criteria and the application process.

2.04 WORKING IN AUSTRALIA

If you choose to work in Australia, you have the same rights and obligations in the workplace as any other employee. You can find out more about your rights before you apply for a job from the Fair Work Ombudsman at <https://www.fairwork.gov.au/>

You will need to obtain a Tax File Number (TFN) to work in Australia. Please visit the Australia Tax Office website at <https://www.ato.gov.au/> for information about their requirements and the application processes.

While your student visa allows you to work 48 hours per fortnight, please understand that it is not necessarily easy to find work in Australia. You cannot depend on your income in Australia to pay for your fees or living expenses. Your ability to find work depends on your English proficiency, qualifications, previous work experience, skills, a positive and friendly attitude.

Several international students work on a casual basis in the following types of jobs:

- taxi drivers
- wait-staff at restaurants.

- check-out counters at retail shops
- farm work
- general office administration
- cleaners

Some international students may find work in their own professional area of expertise or experience; however, it may take time to find your preferred job.

2.05 ACCOMMODATION

Most international students over the age of 18 live independently in shared or private rental accommodation. - Ride bicycles; or

2.07 MEDICAL SERVICES

As an international student on a student visa, you are required to have Overseas Student Health Cover (OSHC) for the duration of your studies. This is a requirement of your student visa and is compulsory.

All international students would have paid for private Health Insurance, from an Australian company, prior to their arrival in Australia. If you arranged your own OSHC, you would need to visit your OSHC provider's office with your passport to obtain your membership card. If ECOC has arranged OSHC on your behalf, your membership card will be provided at Orientation.

OSHC provides cover when you need to visit a doctor or go to Hospital. The level of cover will depend on your individual policy entitlements and rates charged by the medical practitioner/service provider. You may possibly be required to pay at the time of consultation approximately \$80 – \$8100. Pay, and obtain a receipt from the doctor's receptionist to make a claim from your OSHC provider. Waiting periods may apply for pre-existing conditions and pregnancy related services. Further details can be obtained from your OSHC provider. OSHC provides benefits for prescription medicines. You are required to pay a contribution towards the cost of each prescription item.

2.07(a) What are you covered for? OSHC may help you pay for?

- Medical practitioners (including specialists) who treat you at the doctor's surgery, Hospital or at home.
- Pathology services such as blood tests
- X-rays
- Hospitals – Public or Private
- Emergency ambulance transport (medically necessary). OSHC pays 100% of the charge for medically necessary ambulance transport when medical attention is required immediately.

2.07(b) How to find a local doctor?

To find a doctor in your area, you can use the find a health service tool on the healthdirect website <https://www.healthdirect.gov.au/> or you can call their 24 hour health advice at 1800 022 222 and you can also search for the kind of doctor you need.

Also, check with your OSHC provider, who may have special arrangements in place with certain doctors. If you are sick, you should see a doctor immediately.

2.07(c) What to do in case of an emergency?

For any emergency where Police, Fire Brigade or Ambulance assistance is required immediately call '000'.

How 000 works

000 calls are answered by an operator who will ask which service you require - Police, Fire or Ambulance. The operator will ask relevant questions, and arrange an appropriate response from the local Police, Ambulance or Fire Service. 000 Calls are free on all mobile phones.

2.08 LEGAL SERVICES IN AUSTRALIA

Students are advised to carefully select legal advisors, particularly in relation to migration advice.

2.08(a) Migration Agents

In Australia, migration agents must be registered with the Office of the Migration Agents Registration Authority (Office of the MARA) to provide immigration assistance services.

A registered migration agent can advise on visa requirements, help an applicant lodge a visa application and deal with the Department of Home Affairs on an applicant's behalf, usually for a fee.

If an applicant chooses to seek migration advice, e.g., because they do not feel confident lodging an application, or if their case is complex, it is important that a registered migration agent is used.

Note: An applicant does not have to use a migration agent to lodge a visa application with the DHA, and a migration agent cannot influence the outcome of the application.

2.08(b) Lawyers/ Solicitors

If you haven't used a lawyer/ solicitor before, you may not know where to find one, what to expect when using one, or what to do if things don't work out as you expected.

3.04 REGULATORY FRAMEWORK

As a Registered Training Organisation (RTO), Everthought College of Construction (ECOC) is subject to the regulatory framework that governs the Australian Vocational Education and Training sector and protects both RTOs and students. The legislative framework established by the [National Vocational Education and Training Regulator Act 2011](#) and related legislation, empowers the Australian Skills Quality Authority (ASQA) as the national regulator for Australia's vocational education and training sector. ASQA regulates courses and training providers according to the Standards for Registered Training Organisations 2015 to ensure nationally approved quality standards for training are met. In addition, ASQA regulates training providers such as ECOC who are registered to deliver services to international students through the [ESOS Act 2000](#) and the National Code of Practice for Providers of Education and Training to Overseas Students 2018 (continuing registration).

3.06 NATIONAL RECOGNITION

ECOC recognises the assessment decisions of any other Registered Training Organisation (RTO) and the Statements of Attainment and Qualifications issued by any other RTO.

3.07 LANGUAGE, LITERACY AND NUMERACY

ECOC recognises that all vocational training includes language, literacy and numeracy tasks and all the College trainers and assessors provide:

- clear models of the language/literacy/numeracy task;
- opportunities for repeated and supported practice; and
- opportunities for independent practice.

Where some students require additional practice and training ECOC provides language support. If ECOC does not have specific support required by specific learners, ECOC will assist the student in identifying alternative training organisations that can provide the specialist support.

Section 4. QUALITY APPROACH OF ECOC

The General Manager recognises that opportunities for improvement arise in every aspect of business and has developed an organisational culture within ECOC to capitalise on these opportunities for improved practice. ECOC supplies feedback forms to all international students at the commencement of, during and at the end of each program, as student feedback has been identified as an important and valuable factor in monitoring and developing business practices and quality training, ensuring the ever-changing needs and expectations of clients are being met. The General Manager also welcomes feedback from other improvement opportunities such as risk assessment, student suggestions (a feedback form is available on the website), complaints and appeals, validation of assessment sessions and audit reports.

Student feedback is critical to our continuous improvement policy. Along with the formal feedback mentioned earlier, students are encouraged to give feedback throughout their enrolment process.

In order to encourage and achieve continuous improvement based on the collection of the above-mentioned data, ECOC has developed a **Continuous Improvement Register** which includes a written record of all improvement strategies, and of course, follow up action.

ECOC is responsible for issuing your AQF nationally accredited qualification. In very rare times, if ECOC does not have the expertise to deliver specific units: in these instances, you will be provided details through the application process of the other training provider who has partnered with us, so that you can make a fully informed decision. The final certificate will be issued from ECOC, with credit transfer granted for these other units.

4.03 STUDENT PROTECTION

It is the intention of the General Manager of ECOC that all students will receive the full training services paid for at all times. The continuous improvement and quality management practices employed by ECOC General Manager and staff are designed to proactively identify any anomaly that might cause a business interruption or training failure and address this situation before any students are affected. - make an alternative course placement available for you to consider or
- provide you with a refund and refer you to the TPS.

Further information about the TPS may be found in the Commonwealth government's brochure: **Are you an international student studying in Australia on a student visa?:**

While ECOC guarantee that all students will receive the full training services paid for, it does not guarantee a student will successfully complete the course in which they are enrolled or that the student will obtain a particular employment outcome outside the control of ECOC.

Where a student's need is outside the scope or skill of our expertise, they will be referred to an appropriate service or an alternate training organisation. Where needs are identified, you may be asked to sign an Individual Learning Plan, which is a mutually agreed plan of support. This is so that we can demonstrate our commitment in supporting you along your studies. More information is available within our Student Support Policy and Procedure.

Students can access the Student Services Team directly to organise an appointment by phone or emailing or by visiting reception and asking to speak to Student Services. - Your right to get the education you paid for. The ESOS framework includes consumer protection that will allow you to receive a refund or to be placed in another course if your provider is unable to deliver your course.

The ESOS framework sets out the standards which Australian education providers, offering education services to overseas students, must obey. These standards cover a range of information you have a right to know and services that must be offered, including:

- orientation and access to support services to help you study and adjust to life in Australia.
- who the student services officer or officers is/are for overseas students.
- if you can apply for course credit.
- when your enrolment can be deferred, suspended or cancelled.
- what your provider's requirements are for satisfactory progress in the courses you study and what support is available if you are not progressing well.
- how progress will be monitored for your course, and
- a complaints and appeals process.

4.07 YOUR RESPONSIBILITY

As an overseas student on a student visa, you have responsibilities to:

- satisfy your student visa conditions.
- maintain your Overseas Student Health Cover (OSHC) for the period of your stay.
- meet the Terms of the Written Agreement with your Education Provider.
- inform your Provider if you change your address and emergency contact details within 7 days.
- maintain satisfactory course progress.
- follow the Everthought Progress Policy.

4.08 WRITTEN AGREEMENT

ECOC recognises the importance of formalising enrolment of international students through written agreements with students so that obligations and expectations are clear to both parties. The Letter of Acceptance forms the written agreement, which clearly articulates the responsibilities of both ECOC and its overseas students. In consideration of the size of the agreement, ECOC uses website links to provide access to the relevant policies and procedures and this Student Handbook.

ECOC retains records of all written agreements, as well as receipts of payment made under the written agreement, for at least two years after the overseas student ceases to be an accepted student. Students of ECOC are also advised that they are responsible for keeping a copy of the written agreement and receipts of any payments of tuition fees or non-tuition fees.

4.09 ACCESS TO STUDENT RECORDS

Each student's records are available to them on request. Students' records are not available to other people unless ECOC is requested in writing by the student to allow such access. Please refer to the Privacy and Personal Information Policy for details.

4.10 ISSUING CERTIFICATES

- Students who have completed their qualification will be identified by ECOC's administration staff, at the end of each term / period of study.
- Administration staff will check the student record to confirm all the units of competency satisfactorily completed. They will also ensure that all the student's marked assessments and portfolio of evidence is included in the student file. If any completed assessment record is missing, the administration staff will follow up with the relevant trainer/s and/or student to locate any missing marked assessment/s.
- Administration staff will check that student fees are paid in full. Certificates are not issued until all relevant fees have been paid in full.
- The above process is completed within 30 days from the course end date.
- In cases, where a student has completed additional units of competency due to clustering of units or timetabling by ECOC, the student may request a separate 'Statement of Attainment' for the unit/s of competency completed. There is no charge for this service.

4.11 UNIQUE STUDENT IDENTIFIER (USI)

The [Unique Student Identifier \(USI\)](#) scheme allows students to access a single online record of their VET achievements. The online system provides each student with a USI and allows for reliable confirmation of these achievements by employers and other RTOs. The USI scheme provides a national online authenticated record of your training attainment.

ECOC can only issue a qualification or statement of attainment to a student after the student has provided a verified USI or ECOC applies for a USI on behalf of the student. To avoid any delays in issuing certification documentation, ECOC will ensure that your USI has been applied for or verified at the time of enrolment. ECOC will protect the security of all information related to USIs, in line with our **USI Policy and Procedure** and **Privacy Policy and Procedure**.

Security measures are in place to protect both digital and hard-copy records from loss, damage or unauthorised access. ECOC stores paper-based records in locked cabinets. Digital records are backed up on a Cloud system. All AQF certification documentation issued by ECOC is kept for 30 years.

More information is available from ECOC's website, the [Department of Industry's website](#) where a comprehensive [video](#) outlines the USI scheme.

Section 5. YOUR OBLIGATIONS AS AN INTERNATIONAL STUDENT AT ECOC

5.01 ATTENDANCE AND PUNCTUALITY

- All students are expected to be on site 10 minutes before class starts to ensure classes commence on time. Your class times will be provided to you at your induction.
- To avoid classroom and workshop disruptions, students that are 30 minutes or more late at the commencement of the training day, will not be able to attend classes that day and will be marked absent. This rule applies as trainers will not stop classes to repeat activity instructions and safety information shared at the commencement of the day, which is vital to active and safe participation.

5.02 SUBMIT YOUR ASSESSMENTS BY THE DUE DATE

If you need an extension, please seek an extension via email from your trainer. We normally allow two weeks' extensions, except in compassionate or compelling circumstances that warrant additional time. Please note, if the assessments are not submitted in a timely manner this can impact your studies and can further affect your student visa conditions.

5.03 MAINTAIN SATISFACTORY ACADEMIC PROGRESS

This is a condition of your student visa. You are encouraged to talk to your trainers if you are experiencing difficulties in coping with your academic program. The college will try and help you with strategies and support options. Ongoing failure to maintain satisfactory academic progress can result in the cancellation of your student visa. See further details in the Course Progress Policy included in this handbook.

5.04 MAINTAIN OVERSEAS STUDENT HEALTH COVER

International students are required to maintain Overseas Student Health Cover For the duration of your studies in Australia, whilst on a Student Visa.

- Students are not to leave campus during course time without prior approval from their trainer. We need to be able to account for everyone present if any emergencies occur during the time, you are with us.

5.07 DRESS CODE

To ensure the safety of all students, ECOC has a dress code for students whilst attending the college. Trade studies students are required to bring their own and wear steel capped work boots on each training day, whether they are scheduled for classroom or workshop delivery. Flip flops or open toed shoes are NOT to be worn by any student at the ECOC campus at any time. Students must NOT wear singlets, sheer/potentially flammable or loose-fitting clothing as this is an injury risk in the workshop environment.

Smokers are requested to use the sand buckets/smokers' trays provided to dispose of any cigarette butts. **Please do not put rubbish in these buckets as it represents a fire hazard.**

If you see something which you think may be a danger, please let us know immediately.

We are all here to help you. If you need any assistance or support, please feel free to approach anyone from ECOC. It is important for you to get the best out of your course, to enable you to confidently be part of the workforce.

It is your responsibility to fill in all forms and return them as soon as possible. Remember that for time lost because of injury or illness, you must provide a Medical Certificate from your **doctor**.

All minor accidents are to be treated by our First Aid Officer

5.13 CRITICAL INCIDENT POLICY

5.13(a) Introduction

What is Critical Incident?

A critical Incident may be defined as follows:

'A tragic or traumatic event or situation affecting a student or staff member which has the potential to cause unusually strong emotional reactions in the campus community.'

Examples of Critical Incidents in the International Student arena would include, but are not limited to:

- **Death** (including death of a dependant residing in Australia)
 - Accidental
 - Suicide
 - Result of an injury or terminal illness
 - Murder
- **Serious Illness** which causes the deterioration of the student/staff member's health over time.
- **Serious Injury** which prevents or severely affects the student's ability to continue with or complete the course.

Serious illness or injury would probably not be considered a critical incident in the broader campus community. However, considering the relatively 'close knit' nature of most international student communities, and their physical isolation from the familiar support networks they grew up with, critical incidents of this nature can have a wide reaching, sometimes devastating and usually long-lasting effect on a student's ability to cope with their studies. (Source: ISANA: Critical Incident Kit)

ECOC will undertake an initial assessment of prospective students' qualifications, experience and English language proficiency to ensure these meet requirements appropriate for the course for which enrolment is sought. The Department of Home Affairs requires a student to have confirmation of enrolment (CoE) before issuing a visa so the order is language assessment, CoE, then visa.

If you are seeking to have an overseas qualification recognised against the Australian equivalent, please refer to: <https://internationaleducation.gov.au/services-and-resources/pages/qualifications-recognition.aspx>

ECOC delivers the following courses with a practical, hands-on workshop and theoretical classroom training approach over a period of two (2) years, with a minimum twenty (20) hours per week (or 40 hours per fortnight):

6.04 FLEXIBLE DELIVERY AND ASSESSMENT PROCEDURES

ECOC believes that with some minor adjustments to teaching and assessment methods, a student who is experiencing difficulty learning and achieving the desired results in the traditional setting may show considerable improvements.

The staff and management of ECOC respect these differences among students and will endeavour to make any necessary adjustments to their methods in order to meet the needs of a variety of students.

Acceptable adjustments to teaching and assessment methods may include but are not limited to having a trainer read assessment materials to students, having a student's spoken responses to assessment questions recorded or allowing a student to sit for an assessment alone in a different room.

ECOC staff will pursue any reasonable means within their ability to assist students in achieving the required competency standards. In the event that a student's needs exceed the capacity of the support services ECOC can offer, they will be referred to an appropriate external agency.

6.04(a) Reasonable adjustment

Reasonable adjustment means adjustments that can be made to the way in which evidence of student performance can be collected, dependant on the student's personal learning needs. This means that where students are identified with a learning need, a discussion on a fair and reasonable alternative way of gathering evidence of competence will be discussed with you. This is in line with our **Reasonable Adjustment Policy and Procedure** and **Fair Treatment and Equal Benefits Policy and Procedure**.

6.04(b) Access and equity

ECOC is committed to practicing fairness and providing an equal opportunity for all current and potential students to access and participate in learning, and to achieve their learning outcomes regardless of age, gender, cultural or ethnic background, disability, sexuality, language skills, literacy or numeracy level, unemployment that may present a barrier to access, or any other perceived difference in class or category. ECOC ensures that its practices are as inclusive as possible and do not unreasonably prevent any clients from accessing its services.

6.05 ASSESSMENT

ECOC is committed to ensuring valid and reliable assessment of achievements against industry competency standards and all assessment undertaken by ECOC remains consistent with the National principles of Assessment.

There are four Principles of Assessment – Reliability, Fairness, Flexibility and Validity.

6.05(a) Competency based training approach

Competency-based training is an approach to learning where emphasis is placed on what a student can do in the workplace as a result of their training. Students who have successfully achieved competency will have the skills and knowledge they need to complete workplace activities in a range of different situations and environments, to an industry standard of performance that is expected in the workplace.

Competency-based training is usually based on performance standards that have been set by industry and can take place using a variety of delivery modes and methods. Competency-based assessment materials are designed to ensure that each student has achieved all the outcomes (skills and knowledge) required by each unit of competency.

6.05(b) Principles of training and assessment

Training and assessment strategies developed by ECOC adhere to the following principles:

- Training and assessment strategies are developed for each qualification/unit of competency that will be delivered and assessed.
- All training programs will require the development of a training and assessment strategy for full and partial completion of a qualification.
- Each training and assessment strategy will be developed in consultation with industry representatives, trainers, assessors and key stakeholders.
- Training and assessment strategies will reflect the requirements of the relevant training package and will identify target groups.
- Training and assessment strategies will be validated annually through the internal review procedures.

6.05(c) Training Delivery strategies

Flexible delivery	A variety of delivery methods and approaches will be used to deliver educational services that meet your needs by allowing increased access to cater for your individual learning needs.
Student Centred Learning	Education will be focused on the needs of the individual providing the participant with control over the pace and process of learning.
Self-Paced Learning	Learning processes will be employed aimed at providing you with the opportunity to access training at a pace which suits your learning style.
Resource Based Learning	Where possible and appropriate, participants will be encouraged to access learning resources directly, using both human, paper based and electronic resources.
Communication Technology	ECOC recognises the benefits which can be provided by new forms of communications technology and will continue to assess the relevance of such technologies in the provision of training. Such considerations will go to the uses of computer-based learning systems.
Face to Face Training	ECOC has established quality training facilities for the delivery of face-to-face learning.

6.06 RESOURCES

6.06(a) Online resources

ECOC students have unlimited wireless access on campus to assist with their online research.

A number of online libraries are recommended to students, as most reference materials are now available online. The following are some of the recommended library collections online:

- National Library of Australia <http://www.nla.gov.au> (FREE)
- Free e-books <http://www.e-booksdirectory.com> (FREE)
- The Free Library <http://www.thefreelibrary.com> (FREE)

6.06(b) Computer and Internet

Bringing your own laptop/computer is required at ECOC. As all our learning resources are available online there is a significant advantage of having your own laptop/computer when studying. As well as using your laptop in class; research, self-study and submission of assessments can be done anywhere.

At a minimum the operating systems required for Laptops/computers are either Windows 10 or macOS 10.14 for Mac computers. The capability to produce Microsoft Office documents is also a requirement.

Free wireless is available to students within the college building. Students **MUST** adhere to the college policies when using the college computers and Internet facilities.

Section 7. IMPORTANT POLICIES FOR INTERNATIONAL STUDENTS

ECOC is committed to monitoring the course progress of all students, ensuring that they don't fall behind and have every opportunity to successfully complete their chosen course within the allocated duration.

7.01(a) Procedure Summary

ECOC review's course progress of all the students twice every term. First review is counted during mid-term review meeting and the second one during the end term review meeting.

Students that are found to be 50% or more behind in their studies during mid-term review will be issued with an Action Plan to follow for the remainder of the term to bring their progress up to requirements. If progress is still unsatisfactory by the end of that term the 1st warning letter will be issued.	Students that have not followed their action plan from the previous term will be issued a 2nd warning letter as well as revised Action Plan to catch up on studies.	Students that have not followed their revised action plan and are not progressing satisfactorily at the end of the consecutive term will be issued with a Notice of Intention to report. Students will then have 20 Working Days to appeal the decision before their course is cancelled
---	---	---

Students who are not making satisfactory progress will be contacted by training staff and the Student Services Team who will initiate the Course Progress Intervention Strategy, which will support students to catch up and achieve satisfactory progress and attendance, as outlined in ECOC's Progression and Intervention Policy and Procedure.

7.02 PAYMENT OF FEES

Fees are reviewed annually and may increase due to factors such as CPI increases. However, once a student has commenced a program of studies, his/her tuition fees will not change for the duration of his/her program of studies. Student fees are calculated and payable per term, in advance, and must be paid in full on the scheduled re-enrolment day.

As an international student and in order to maintain a valid enrolment, your fees must be paid, at least one full term, in advance. All fee payments must be complete and made in Australian dollars and finalised on the scheduled re-enrolment days. Any shortfall due to varying exchange rates must be paid in full.

Failure to pay the **full-term fees** on the due date will result in a \$200.00 late payment fee being applied.

Your first term fees were paid before ECOC could issue your Confirmation of Enrolment and before you could apply to DHA for your Student Visa. Further to that condition of your Enrolment with ECOC, each subsequent term fee must also be paid in full, in advance in order to maintain a valid enrolment.

If your term fees are not paid by each due date, the following actions may result:

- You will be excluded from attending classes until such time as the full amount owing is paid (please be advised that this in turn will affect your attendance record).
- Your account will be referred to a debt collection agency for further action.
- You will be referred to the Department of Home Affairs (DHA) for non-payment of fees (at the discretion of DHA - your student visa may be cancelled).

Failure to pay fees according to the payment guidelines may result in a student's enrolment being cancelled. If with notice, a student's enrolment is cancelled for non-payment of fees and that student is subsequently permitted to have his/her enrolment reinstated, a \$250 reinstatement fee is payable.

ECOC reserves the right to withhold the issuance of any qualification attained by the student, if student fees remain outstanding.

A list Fees and Charges may be found in your Letter of Offer.

7.03 REFUNDS

Where a student believes that they have grounds for a refund, students should submit a written **Application for Refund Request Form** to the Student Services Team, stating valid reasons for their refund application.

The Student Services Team will in turn:

- present the application to ECOC management
- provide to the student in writing the resulting decision of ECOC management and how any refund of fees have been calculated
- advise the student of their right to appeal the decision of ECOC management.

7.03(a) Refund guidelines in the event that a course is not delivered

ECOC will provide a refund of unspent course fees paid in advance where:

- The course does not start on the agreed starting day.
- The course ceases to be provided at any time after it starts but before it is completed; or
- The course is not provided in full to the student because a sanction has been imposed on the registered provider under part 6 (ESOS Act)

You can find our full **Fees and Charges and Refund Policy** at the following link: <https://everthought.edu.au/policies-forms/>

In the unlikely event that ECOC is unable to deliver your course in full, you will be offered a refund of any *unspent* fees received by ECOC, in respect of the course. The refund will be paid to you within two (2) weeks of the day on which the course ceased being provided. Alternatively, you may be offered enrolment in an alternative course. You have the right to choose whether you would prefer a refund of *unspent* course fees, or to accept a place in another course. If you choose placement in another course, we will ask you to sign a document to indicate that you accept the placement.

ECOC can assure you of the security of your international student fees through our compliance with the Education Services for Overseas Students Act 2000 (ESOS Act), Education Services for Overseas Students Legislation Amendment (Tuition Protection Service and Other Measures) Act 2012, Education Services for Overseas Students (TPS Levies) Act 2012 and Education Services for Overseas Students (Registration Charges) Amendment (Tuition Protection Service) Act 2012 under the Overseas Student Tuition Protection Scheme (TPS) through the commonwealth managed fund known as Overseas Student Tuition Fund (OSTF). For more information about the TPS, please refer to the TPS website: <https://tps.gov.au/StaticContent/Get/StudentInformation>

The Fund (OSTF) is established under the Act to protect the interests of overseas students on student visas or intending overseas students, who are studying or about to study in Australia. Under the legislation, the TPS Director or a delegate will be responsible to place you in a suitable alternative course or, if this is not possible, you will be eligible for a refund as calculated by the TPS Director.

Please note:

- In the situation where a student has suspended a course of study and then later cancels enrolment, the level of refund applicable will be that which was at the point of suspension.
- Payments of allowable refunds will be made within four (4) weeks of the receipt of an Application for Refund of Student Fees form.
- Students who dispute the refund procedures are provided with the access to ECOC's Complaints and Appeals Policy and Procedure.

- This Fees and Charges and Refunds Policy and Procedure applies equally to all students. This agreement, and the availability of complaints and appeals processes, does not remove your right to take action under Australia's consumer protection laws.
- The college's dispute resolution processes do not circumscribe the student's right to pursue other legal remedies at their own expense.

7.04 COMPLAINTS AND APPEALS

ECOC strives to ensure that each student is satisfied with their learning experience and outcome. It is anticipated that issues of concern can be resolved by meaningful and respectful communication that is encouraged by ECOC. In the unlikely event that this is not the case, all students have access to rigorous, fair and timely complaint and appeal processes which is outlined in the **Complaints and Appeals Policy and Procedure** in detail, including how to lodge a complaint or appeal.

The complaints and appeals procedure of ECOC ensures that all complaints are dealt with in a constructive and timely manner at no cost to the complainant. ECOC treat all complaints and grievances in confidence. The student will be given a written statement of the outcome, including details of the reasons for the outcome.

This important **Complaints and Appeals Policy and Procedure** policy is available on the website at the following link: <https://everthought.edu.au/policies-forms/>

7.04(a) Complaints

A student may lodge a complaint against any RTO staff member or the RTO; third party including an educational agent; subcontractor; another student and their employer if it relates to the ECOC training program. There is also provision for any and all interested stakeholders to make a complaint if they feel aggrieved. For example, a trainer may lodge a complaint against a student. Where you wish to lodge a complaint, please talk to one of our staff members – we will inform and assisting you in understanding the complaints procedure and supply of the **Complaint Lodgement Form** to complete if you wish to formalise your complaint.

If you remain dissatisfied with the outcome of the complaint review, an independent resolution will be organised by ECOC, in which all parties must participate and in good faith of finding a solution. There is no cost to the student for this tier of resolution, however we sincerely hope that a solution has been previously agreed to internally with ECOC management.

At any time, you may also lodge a complaint with an external body including the Overseas Students Ombudsman. Details of these agencies may be found in the **Complaints and Appeals Policy and Procedure**. Details of the OSO may also be found below.

Where a complaint is likely to take more than 60 days to resolve, ECOC will advise you in writing and provide regular updates.

7.04(b) Appeals

The ECOC appeals process is concerned with a student's right to request change to decisions or processes of an official nature, usually in relation to academic or procedural matters.

In the case of a student's appeal against specific assessment decisions, the student should first discuss the decision(s) with the relevant trainer or assessor and request a re-evaluation. Re-evaluations including re-assessments are at no cost.

Trainers and assessors will inform and assisting you in understanding the appeals procedure and supply of the **Appeal Lodgement Form** to complete if you wish to formalise your appeal.

If you remain dissatisfied with the outcome of the appeals review, an independent resolution will be organised by ECOC, in which all parties must participate and in good faith of finding a solution. There is no cost to the student for this tier of resolution, however we sincerely hope that a solution has been previously agreed to internally with ECOC management.

At any time, you may also lodge an appeal with an external body including the Overseas Students Ombudsman. Details of these agencies may be found in the **Complaints and Appeals Policy and Procedure**. Details of the OSC may also be found below.

In addition to the various other external agencies with whom you may lodge a complaint, the Overseas Students Ombudsman offers a free and independent service for overseas students who have a complaint or want to lodge an external appeal about a decision made by their private education or training provider. See the Overseas Students Ombudsman website <https://www.ombudsman.gov.au/> or phone 1300 362 072 for more information.

Where an appeal is likely to take more than 60 days to resolve, ECOC will advise you in writing and provide regular updates.

7.05 TRANSFER OF STUDENT ENROLMENT

ECOC will only accept application for a transfer of enrolment where a student has completed at least six months of his or her principal course of study unless:

- It is considered that the course that the student wishes to transfer to:
 - better meets the study capabilities of the student; and/or
 - better meets the long-term goals of the student, whether these relate to future work, education or personal aspirations; and/or
- Where the student claims or can provide evidence that his or her reasonable expectations about the current course are not being met.
- The original registered provider has ceased to be registered or the course has ceased to be registered.
- The original registered provider has provided has agreed to the Student's release and recorded the date of effect and reason for the release in PRISMS.
- The original registered provider has a had a sanction imposed on its registration by the ESOS Agency, that prevents the student from continuing his or her principal course.
- Any government sponsor of the student deems that a transfer is in the student's best interest and supports the transfer request in writing.

Students requesting a transfer of their enrolment to another registered provider will need to contact the Student Services Team, who will provide a **Request to Transfer Form** which they will need to complete stating the reasons they wish to transfer their course enrolment to another provider. A request may take up to seven (7) days to process and if approved, a **Letter of Release** will be issued.

ECOC may refuse a transfer to another course offered by a registered provider. According to Standard 7 of National Code 2018 (ESOS framework), international students are not permitted to cancel their course of studies within the first six (6) months of their enrolment. ECOC may also refuse an application for transfer where a transfer is considered detrimental to the student's study progress.

Note: In order for a request for transfer to be considered and a letter of release provided, students must provide a valid offer of enrolment from another registered provider.

A transfer to another course **will not be granted** where:

- The transfer may jeopardise the student's progression through a package of courses.
- The student has recently started studying the course and the full range of support services are yet to be provided or offered to the student. In this case, the student will be requested to wait a further 4 weeks before applying for a transfer to another registered provider during which time the full range of support services will be provided to the student.
- The student is trying to avoid being reported to Department of Home Affairs for failure to meet the provider's attendance or academic progress requirements.

- There are no legitimate compassionate or compelling circumstances.

7.05(a) Further considerations in relation to student transfer requests

There are a number of additional considerations in relation to student transfer requests including in the situation where ECOC grants a release it will be at no cost to the student.

All students who are either considering a course transfer, or have had their transfer request approved, will be advised that they must contact Department of Home Affairs to seek advice on whether a new visa is required and to ensure that they continue to meet the conditions of their student visa.

- If a student already has a visa and wants to change their main course of study to a lower [Australian Qualification Framework \(AQF\)](#) level course or a non-AQF level course, they will generally need a new student visa. This requirement applies even if the course they change to is with the same training provider

To find out more about visa requirements, students are advised to contact the Department of Home Affairs on 131881 or visit the following website: <https://immi.homeaffairs.gov.au/visas>

If ECOC decides to refuse the transfer request, students will be informed in writing of the reasons for the refusal and their right to access ECOC's **Complaints and Appeals Policy and Procedure**. ECOC will not finalise a refusal to release the overseas student until this process is concluded in Favor of ECOC or the student withdraws or does not pursue this process.

Where a student is under 18 years of age, ECOC will consider the transfer where the student's parent or legal guardians have confirmed in writing their support for the transfer to ECOC, and **only if** the student turns 18 years prior to transferring to ECOC.

Students who dispute ECOC's student transfer decision are provided with the access to the **Complaints and Appeals Policy and Procedure**.

7.05(b) Internal Campus transfer

Internal campus transfer requests are subject to enrolment availability and will only be considered during a teaching period if special circumstances apply. Students wishing to transfer their studies to another ECOC campus must complete and submit the Campus Transfer Form at least 2 weeks prior to the date by which the transfer request is to take effect. Should you have any questions please speak directly with Student Services staff to discuss your concerns.

7.06 DEFERMENT, SUSPENSION AND CANCELLATION

They must also attach any documentary evidence verifying their situation (for example, a medical certificate). ECOC will assess the application and make a decision within seven business days. Deferment of studies is allowed for a maximum period of six months. If an international student's application for deferral or suspension is approved, ECOC will notify the Department of Home Affairs through Provider Registration and International Student Management System (PRISMS). If the application is successful, a new CoE will be issued to the student.

7.06(b) Suspension

Suspension of course study may be granted to a student where compassionate and compelling circumstances* are experienced by the enrolled student and adequate evidence exists to support these circumstances. Students who wish to suspend a course of study, should approach the Student Services Team, and submit a written explanation of their suspension request with supporting evidence concerning their prevailing circumstances.

**ECOC classes any compassionate or compelling circumstance as those that are generally beyond the control of the student, when they have an impact on the student's course progress or wellbeing. Students must show evidence of such circumstance wherever reasonable e.g., a medical certificate may be requested. These include:*

Evidence required: medical certificate signed by a doctor/general practitioner which states the student was/is unable to attend classes for an extended period of time.

Evidence required: Police report, counsellor/psychologists' report.

- Other

Evidence required: any relevant certified document attesting that situation is outside a student's control and affects their ability to study.

Please note that an inability to pay fees alone is not considered a compassionate nor compelling circumstance.

Also, changes in workload or job roles are not considered a compassionate nor compelling circumstance.

*In accordance with the **Fees and Charges and Refunds Policy and Procedure**, any fee that is due to be refunded (if any) will apply, excluding the administration fee.*

7.06(c) Cancellation

ECOC initiated cancellation

ECOC may suspend or cancel a student's enrolment on the basis of:

- misbehaviour by the student (including plagiarism, collusion and cheating).
- the student's failure to pay an amount he or she was required to pay the registered provider to undertake or continue the course as stated in the written agreement.
- a breach of course progress requirements by the overseas student.
- a breach of attendance requirements by the overseas student.

Before imposing a suspension or cancellation ECOC will inform the student in writing of that intention and the reasons for doing so and advise the student of their right to appeal through the **Complaints and Appeals Policy and Procedure** within 20 working days.

The suspension or cancellation of the student's enrolment will not take effect until the internal appeals process is completed, unless the overseas student's health or wellbeing, or the wellbeing of others, is likely to be at risk.

Student initiated cancellation

Students may initiate cancellation of their studies at any time during their course. The student may be eligible for a refund, in line with ECOC's **Fees and Charges and Refunds Policy and Procedure**.

Students who opt to withdraw with no other study plans, will be reported to the department through PRISMS. This decision will impact the student's visa and the student will be referred to contact the Department of Home Affairs on 131881 or visit the following website: <https://immi.homeaffairs.gov.au/visas>

Students who wish to withdraw within six months of their course to transfer to another provider will be processed as per ECOC's **Course Transfer Policy and Procedure**.

Deferments, suspensions, or cancellations of enrolment may affect your Student Visa Conditions, in which case you must contact DHA for further advice.

7.07(b) Access to student records

ECOC have implemented a record management system that ensures that all students have access to accurate information regarding their learning in a timely fashion.

Staff access to an individual student training records will be limited to those such as:

- trainers and assessors to access and update the records of the students whom they are working with.

Upon completion of all relevant competencies within a qualification, you will be entitled to receive the full qualification (subject to all fees paid and a USI submitted).

7.07(c) Student access to records

ECOC guarantees an individual's right to access their academic record. Academic Records at ECOC are defined as any portion of the educational history of a student that is maintained by the training provider.

Students have the right to:

- inspect and review their academic record.
- request amendment to the educational record if an error is recorded.

7.08 COURSE CREDIT AND RECOGNITION OF PRIOR LEARNING POLICY AND PROCEDURE

7.08(a) Recognising qualifications from another RTO – Credit Transfer

Credit transfer refers to the transferral of academic credit obtained by students through participation in courses or national training package qualifications with other Australian RTOs, towards a qualification offered by ECOC. Credit transfer is granted on the basis that the credit validates the student's competency within the relevant qualification/unit of competence. ECOC recognise all AQF qualifications and statements of attainment issued by any other RTO. ECOC will always verify the certification documentation submitted from the relevant RTO before recognising the qualification or statement of attainment.

Students enrolling with ECOC are made aware of the recognition of qualifications policy at the time of enrolment to offer the opportunity of recognition of relevant qualifications or statements of attainment prior to the commencement of training. ECOC trainers will remind students of the policy at induction and progressively throughout the duration of their course.

Further information may be found on the website including how to apply: **Credit Transfer Policy and Procedure**. This is a free service.

7.08(b) Recognition of Prior Learning (RPL)

ECOC appreciate the value of workplace and industry experience and recognises that students will acquire vocational skills and knowledge from a variety of sources other than formal training. These skills are legitimate irrespective of how they were acquired and the RPL process is designed to provide validation of such relevant skills.

Recognition of Prior Learning (RPL) is an assessment process that assesses an individual's formal, non-formal and informal learning to determine the extent to which that individual has achieved the required learning outcomes, competency outcomes, or standards for entry to, and/or partial or total completion of a VET qualification. It means that if RPL is granted, you are not required to repeat these units – saving time and money.

ECOC offers an extensive RPL service for those with at least 3 years' experience in the building and construction industry. Before starting an RPL application, students might consider these questions:

- What on the job training or experiences can you provide evidence for/demonstrate that might be relevant to this course?
- How current is this experience or learning?
- How can you prove or demonstrate these skills or understanding?
- Do you have enough quality evidence that demonstrates your skills and experience?

In order to grant RPL, the assessor must be confident that you are currently competent against the endorsed industry or enterprise competency standards or outcomes specified in AQF accredited courses. The evidence we will ask from you may take a variety of forms and could include certification, references from past employers, testimonials from clients and work samples.

Further information may be found on the website including how to apply: **Recognition of Prior Learning (RPL) Policy and Procedure**. This service is at fee-for-service rates – you will be provided with your individualised fees at the time of application. Please advise a staff member if you have not received this important information.

7.09(d) Support Services for Students under the age of 18

Students under the age of 18 will have access to the designated Student Support officer. Your student support officer is identified for all states in this section. The Support Officer (relevant to your state) will be assigned to you at enrolment. The support provided will be:

- You will be required to fortnightly meetings with your Support Officer where they can offer academic and personal support. Even if you don't need this support, your Support Officer will still meet with you to ensure your safety and wellbeing needs are being met.

- You must contact the Support Officer if you are sick or absent from any scheduled classes. If you do not contact your Support Officer, the Support Officer will make all attempts to contact you to ensure your safety
- You will be provided with your Support Officer's out of hours emergency contact number

7.09(e) Application for Welfare Arrangements Provided by a Parent/Guardian or Suitable Relative

At the time of issuing an offer to an international applicant who will be under the age of 18 when they commence their studies, ECOC will forward the applicant the International Student Under 18 Agreement Form.

The student and their parent/guardian or suitable relative will be required to complete the form and return it at the time of accepting their offer.

The parent/guardian or suitable relative will nominate on this form where the student will be residing. The Department of Home Affairs will approve the welfare and accommodation arrangements and ECOC is not required to issue a CAAW letter with the CoE.

On receipt of the completed agreement, ECOC will record the parent/guardian or suitable relative's name, home address, email address and contact phone number on student profile within the Student Management System. Where the student will be residing with a parent/guardian or suitable relative, ECOC will proceed with finalising the student's acceptance into their desired course.

7.09(f) Application for Accommodation and Welfare Arrangements Provided by ECOC

A student who will be under 18 at course commencement and will not be staying with a parent/ guardian or suitable relative while in Australia must provide ECOC with a written request (which has been approved by their parents / guardian, or suitable relative in writing), for ECOC to accept responsibility for the student's accommodation, support and welfare arrangements until they reach the age of 18.

Requests to ECOC to approve accommodation and welfare arrangements will be considered by the Support Officer who will respond in writing to the student advising whether the request has been successful or not.

ECOC will inspect the accommodation prior to the accommodation being approved, and at least every six months thereafter. ECOC charges a \$200 inspection fee to students for each inspection conducted. These inspections are required as a means of ECOC verifying that the student's accommodation is appropriate to the student's age and needs, as required by the National Code.

The student's parents shall sign the acceptance of ECOC's Guardianship form which is attached to the letter provided to the student, to acknowledge acceptance of the conditions required by ECOC in accepting responsibility for the student's welfare.

ECOC must ensure that when ECOC staff raise a CoE on PRISMS for a student for whom ECOC has accepted responsibility for accommodation and welfare arrangements, that they also notify DHA of ECOC's role by raising a Confirmation of Appropriate Accommodation/Welfare Arrangements (CAAW) letter.

The CAAW must specify start and end dates of the accommodation and welfare arrangements. The student cannot enter Australia on their student visa until the welfare start date has been reached and this date must be carefully matched to orientation commencement and the time taken to travel from the home country.

The end date of the welfare arrangements will normally be advised as 7 days after the end date of the CoE, or when the student has reached their 18th birthday if that is earlier.

7.09(g) Homestay Accommodation

Where ECOC agrees to accept responsibility for approving a student's welfare arrangements it will require the student to stay in ECOC's approved homestay accommodation. ECOC must ensure:

- the good character of the homestay providers by obtaining working with children checks, personal interviews and verifying references;
- a good standard of homestay accommodation suitable for students, through home inspections undertaken by the Support Officer responsible for students' homestay;

- an appropriate cross-cultural and student welfare focused orientation provided to homestay providers by the Support Officer; and
- the maintenance of processes to monitor and respond to student wellbeing in the homestay placements arranged by ECOC, including regular monitoring visits to homestay providers, newsletters, social functions and training activities for homestay providers.

Students will also be required to meet with their Support Officer as often as he or she requires of the student, but no less frequently than each fortnight.

Students must live in ECOC approved homestay accommodation until 18 years of age and not change that accommodation unless written agreement is obtained from the parent/ guardian or suitable resident.

The student must not spend a night away from the approved homestay address or undertake any travel that would require an overnight absence from the homestay address without first obtaining their Support Officer's written approval.

ECOC will require the student to maintain a high standard of personal and social behaviour throughout the homestay period, to conduct themselves responsibly, to refrain from risk taking behaviour and to devote themselves properly to their studies.

Refusal to obey an instruction from the homestay provider or the Support Officer to address deficiencies in the aspects of behaviour and personal conduct referred to in the above clause will provide grounds for ECOC to advise DHA that it has withdrawn its support for the accommodation and welfare arrangements. This may have implications for the student's visa.

ECOC must also advise DHA as soon as possible using the specified PRISMS pro forma letter, in the event that the under-18 year old student has changed his or her living arrangements or where ECOC no longer approves of the arrangements for the student.

ECOC may approve requests from students for alternative accommodation or welfare arrangements other than ECOC's approved homestay where:

- the student's parents or Guardian approve in writing of the alternative arrangements;
- ECOC is satisfied as to the good character of the adult(s) who are to be assigned guardianship of the student;
- the accommodation has been inspected by the Support Officer and found to be suitable;
- it is satisfied that the arrangements will provide accommodation and welfare arrangements at least equivalent to what could be obtained through a ECOC's approved homestay arrangement; and
- the arrangement is secure and likely to last until the student completes their course, or turns 18.

7.09(h) Changes to Student Welfare Arrangements Previously Agreed by ECOC

A student is not permitted to change their agreed accommodation or welfare arrangements unless first approved by their Support Officer.

Failure to comply with the above clause will be considered grounds for ECOC to notify DHA of its 'withdrawal of approval of accommodation and welfare arrangements' which may have implications for the student's visa.

DHA will be notified when the student changes accommodation and welfare arrangements with ECOC's approval.

If a student refuses to maintain ECOC's approved care arrangements, ECOC will notify DHA using the Non-Approval of Appropriate Accommodation/Welfare Arrangements Letter in PRISMS which is likely to result in the cancellation of the student's visa.

If a student has gone missing from the approved accommodation and cannot be contacted ECOC will:

- implement its documented Critical Incident Policy; and
- if after a reasonable period the student has not been found, ECOC shall report the student's breach of visa condition to DHA, which is likely to result in the cancellation of the student's visa.

7.09(i) Non Homestay Overnight Accommodation

Under 18 students who wish to stay overnight at an address other than their approved ECOC homestay address, must submit an International Under 18 Overnight Accommodation Consent Form to administration, which has been signed by their homestay parent, and parent/ guardian approving such accommodation. This form must also be approved by the Support Officer.

7.09(j) Termination Suspension or Cancellation

Where ECOC terminates, suspends or cancels the enrolment of a student under the age of 18, ECOC will continue to check suitability of care arrangements until:

- the Nominated Welfare Period expires;
- the student turns 18 years old;
- the student is accepted by another registered provider who is willing to take on responsibility for approving the care arrangements;
- the student leaves Australia or other suitable arrangements are made (e.g. parent or other suitable relative takes ongoing responsibility for the student's accommodation and welfare); or
- events have occurred that make it impossible for the provider to continue to approve the arrangements for the student.

7.09(k) Withdrawal of ECOCs Approval

All reasonable efforts will be made by ECOC to assist under 18 students with difficulties impacting their welfare arrangements.

ECOCs approval for accommodation, welfare and support will be withdrawn where ECOC deems one or more of the following grounds have been met:

- a student refuses to observe reasonable standards of behaviour as outlined in the Student Handbook.
- the student refuses to maintain ECOC's approved homestay arrangements;
- the student stays overnight at an address other than the approved homestay address, without parental/legal guardian and ECOC's approval;
- the student's enrolment is cancelled by ECOC.

Students will be notified in writing of the grounds for intended withdrawal of ECOC supported welfare arrangements by the Academic Manager. A copy will be forwarded to the student's parent/ guardian or suitable relative.

The student has a right to apply for an appeal for the decision to withdraw ECOC's approval for accommodation within 10 working days of notification of the decision. The application for review is to be made using the Review of a Decision form in accordance with ECOC's Complaints and Appeals Policy and Procedures. The decision of the appeal is final.

If the review outcome is unsuccessful, or the application for review is not received within the time duration specified in the above, the student's parent/guardian or suitable relative will be notified that ECOC is withdrawing approval for accommodation, support and welfare arrangements. Alternative welfare arrangements for the student in accordance with the above will be requested.

Where the ground for ECOC's withdrawal of support is due to the student refusing to maintain ECOC's homestay arrangements, ECOC will complete the Non Approval of Appropriate Accommodation/ Welfare Arrangements letter on PRISMS. Provision of this letter signifies a breach of student visa condition and is likely to result in visa cancellation.

Where the parent/guardian or suitable relative has provided written confirmation that they will be accepting responsibility for the student, the PRISMS Approval to Change Accommodation/Welfare Arrangements letter will be completed.

Section 8. LEGISLATIVE AND REGULATIVE REQUIREMENTS

Registered training organisations are subject to legislation pertaining to training and assessment, as well as business practice. ECOC will comply with relevant legislation and regulatory requirements and will inform all staff and clients of the requirements that affect their duties or participation in vocational education and training. ECOC recognises that compliance with legislative requirements underpins the effective implementation of its operations and ensures accountability and transparency of activities of both management and staff.

8.02 ECOC LEGISLATION IMPLEMENTATION

8.02(a) Work, Health and Safety Policy

The Work Health and Safety Act 2011 outlines the requirements of an RTO in establishing and maintaining workplace health and safety standards. The requirements of an RTO as specified in the above mentioned Act are to:

- Secure the health, safety and welfare of employees and other persons at work
- Eliminate, at the source, risks to health, safety or welfare of employees and other persons at work
- Ensure that the health and safety of members of the public is not placed at risk by the conduct of undertakings by employers and self employed persons

Provide for the involvement of employees, employers, and organisations representing those persons, in the formulation and implementation of health, safety and welfare standards.

It is an obligation under legislation that all ECOC employees and management contribute to and assist in maintaining workplace health and safety and risk management operations as part of their role within the RTO. ECOC management is responsible for providing the following standards as part of its commitment to employees and clients:

- A safe workplace, with a safe system of work
- Adequate workplace health and safety professional development for ECOC students, employees, management and stakeholders
- Properly maintained facilities and equipment
- A clean, tidy, suitably designed workplace with the safe storage of goods.

ECOC has initiated procedures, policies, guidelines and work instructions, practicing an ongoing commitment to workplace health and safety including each site used for training delivery.

The following procedures and standards are observed by ECOC to achieve a safe working and learning environment:

- Maintain a safe, clean and efficient working environment
- Evacuation plan (fire, bomb, major incident)
- Emergency control
- Accident/Incident reporting
- Rehabilitation
- Risk identification reporting
- PPE/chemicals (storage)
- Manual handling techniques and training

- Equipment checks and maintenance
- Equipment safe storage

- Fire hazards identified and fire prevention
- Student safety
- Unsafe situations identified and reported
- First aid and safety procedures displayed, for all ECOC staff and students to see.

8.02(b) Harassment and Discrimination Policy

Under Australian law it is a requirement of every workplace to ensure it provides an environment free from all forms of harassment and discrimination, including victimisation and bullying. In doing so, all staff and students are treated fairly and have the opportunity to feel safe, valued and respected.

Discrimination is where a person treats or proposes to treat, a person with an attribute less favourably than another person without the attribute is or would be treated under the same circumstances. Examples include but are not limited to discrimination by age, disability, employment, nationality, religion, gender and sexual orientation.

Harassment is any unwelcome and uninvited comment or action that results in a person being intimidated, offended, humiliated or embarrassed.

Bullying is any unwelcome and offensive behaviour that intimidates, humiliates and/or undermines a person or group. Bullying involves a persistent pattern of behaviour over a period of time and may include verbal abuse, physical assault, unjustified criticism, sarcasm, insults, spreading false or malicious rumours, isolating or ignoring a person, putting people under unnecessary pressure and sabotaging someone's work or their ability to complete their work.

Vilification is a public act of inciting, encouraging or urging others to physically harm, hate, have serious contempt for, or severely ridicule a person, or group of people because they (or they are believed to) belong to a specific minority group.

At ECOC, it is made known through the enrolment and induction activities, that in the event that a person considers that he or she has been or is being harassed, bullied or vilified, this person should be encouraged to inform the other party that their behaviour is objectionable and should not be continued, provided they are comfortable with confronting the offender. In instances where the person is not comfortable discussing the matter with the offending party, a trainer or other ECOC staff member should be informed of the situation. In this case, it becomes the responsibility of the relevant staff member to follow ECOC policy and procedures to rectify the situation.

The following principles and processes are implemented by ECOC to achieve a working and learning environment that is free from harassment and discrimination:

- It is the right of all staff and students to work and study in an environment free of any form of harassment and discrimination.
- All reports of harassment and discrimination will be treated seriously, in an unbiased, respectful and sensitive manner. Any form of harassment and discrimination is considered unacceptable behaviour and will not be tolerated by ECOC.
- When ECOC management is informed of any event involving harassment or discrimination, it is their responsibility to take immediate and appropriate action to address it.
- In dealing with all complaints, the rights of all individuals involved will be respected and confidentiality will be maintained.
- It is the intention of ECOC management that a process of discussion, cooperation and conciliation will resolve all complaints. The aim is to achieve an acceptable outcome for the involved parties while minimising any potential damage to the organisation.
- Both the person making the complaint and the person against whom the complaint has been made will receive information, support and assistance in resolving the issue from ECOC management.

- Victimisation is unacceptable and will not be tolerated. No person making a complaint or appeal or assisting in the investigation of a complaint or appeal will be victimised.
- Harassment or discrimination should not be confused with legitimate comment and advice (including constructive feedback) given appropriately by management or trainers. Managers and trainers are conscious of how they present their feedback to ensure the message is not misinterpreted.
- Staff and students should not make any frivolous or malicious complaints. All staff and students are expected to participate in the complaint resolution process in confidence that the procedures are designed to ensure fair resolution.

8.02(c) Critical Incident Policy

A critical incident is defined as 'a traumatic event, or the threat of such (within or outside Australia), which causes extreme stress, fear or injury. Critical incidents can affect an overseas student's ability to undertake or complete a course.

ECOC ensures the welfare of all overseas students in any situation where they have or may be impacted by a critical incident. Critical incidents may include:

- missing students
- severe verbal or psychological aggression
- death, serious injury or any threat of these
- natural disaster
- domestic violence, physical, sexual or other abuse
- other non-life-threatening events.

ECOC's **Critical Incident Policy and Procedure** specifies:

- procedures to follow in the event of a critical incident
- contact information for the police, Department of Home Affairs the overseas student's family, and any other relevant organisations that may be able to assist
- steps to immediately take action and resolve or address the critical incident
- requirements for a written record of any critical incident and remedial action taken (to be kept for at least two years after the overseas student ceases to be an accepted student).

8.03 CONSUMER RIGHTS

Consumer protection

On 1 January 2011, the Australian Consumer Law commenced, and the Trade Practices Act 1974 was repealed and replaced by the Competition and Consumer Act 2010. The Australian Consumer Law provides for:

With a view to ensuring all students are fully aware of their rights and obligations, ECOC designs its Letter of Acceptances, Application and Enrolment forms and/or similar using a logical format and simple English. This may include, but is not limited to:

- wording that allows the prospective student to know what he/she is agreeing to
- clearly explained disclaimers

- no misleading or deceptive behaviour
- no actions, omissions or dialogue (written or verbal) that may force or coerce the student

ECOC ensures any marketing of its vocational education and training (VET) products are done so with integrity, accuracy and professionalism. We ensure VET sector regulatory and all consumer law requirements are always met. In the provision of information, no false or misleading comparisons are drawn with any other training organisation or training product.

The Application and Enrolment Sheet, available on the website, provides a summary of all the information that will be made available to applicants.

ECOC also checks that applicants and incoming students have read and understand all this information.

ECOC has in place a range of consumer protection mechanisms, including:

- Complaints and Appeals Policy and Procedure
- Fees and Charges and Refunds Policy and Procedure.

8.04 PRIVACY PRINCIPLES

The Privacy Amendment (Enhancing Privacy Protection) Act 2012 (Privacy Amendment Act) made many significant changes to the Privacy Act 1988 (Privacy Act). These changes commenced on 12 March 2014. The Privacy Regulation 2013, made under the Privacy Act, also commenced on 12 March 2014.

Privacy Principles that are strictly applied to all aspects of ECOC's operations include:

8.04(a) Collection

ECOC only collects necessary information pertaining to one or more specific operations. The student is informed as to the purpose for which details are being collected.

8.04(b) Use and disclosure

ECOC ensures student personal information is not used or disclosed for secondary purposes without obtaining explicit consent from the student, unless a prescribed exception applies.

8.04(c) Data quality

ECOC takes all reasonable measures to ensure that all students' personal information that is collected, used or disclosed is accurate, current and complete.

8.04(d) Data security

ECOC takes all reasonable measures to ensure all collected students' personal information is protected from misuse, loss or damage, and that all data and record storage is secure from unauthorised access, modification or disclosure.

8.04(e) Openness

8.04(i) Trans-border data flows

ECOC's privacy protection principles apply to the transfer of data throughout Australia.

8.04(j) Sensitive information

ECOC requests specific consent from a student in circumstances where it is necessary to collect sensitive information. Sensitive information may include but is not limited to; information relating to a student's health, criminal record, racial or ethnic background.

8.05 COPYRIGHT

Provisions under Part VB of The Copyright Act 1968 allow all educational institutions to copy and communicate third party material to distribute to students, within the limitations of the Statutory Education license. The Copyright Agency Ltd (CAL) administers the Statutory Education license on behalf of the Attorney General's Department.

Any RTO electing to hold this license is legally allowed to introduce a wide variety of material into its training environment, both in hardcopy and digital format, without having to obtain direct permission from the owner.

The Statutory Education license facilitates compliance and good governance across the industry, while at the same time ensuring the freedom and flexibility of sharing information without infringing copyright legislation.

Without this license, an educational institution is generally not allowed to reproduce any third-party material from any source, other than where there is a direct license/subscription in place or permission has been granted by the creator of the work.

8.06 VOCATIONAL EDUCATION AND TRAINING REGULATIONS

The VET Quality Framework is comprised of:

- [Standards for Registered Training Organisations 2015](#)
- [Australian Qualifications Framework](#)
- [Fit and Proper Person Requirements](#)
- [Financial Viability Risk Assessment Requirements](#)
- [Data provision requirements](#)

The **Australian Skills Quality Authority (ASQA)** is the national regulator for Australia's vocational education and training sector. ASQA regulates courses and training providers to ensure nationally approved quality standards for training are met.

The Framework established by the [National Vocational Education and Training Regulator Act 2011](#)

The legislative framework established by the [National Act 2011](#) and related legislation:

- gives ASQA the power to audit an RTO at any time
- gives ASQA the power to apply sanctions (including applying conditions to, suspending or cancelling a registration)
- allows providers to seek a review of ASQA decisions.

[Standards for Registered Training Organisations 2015](#) form part of the VET Quality Framework, a system which ensures the integrity of nationally recognised qualifications. These Standards underpin the risk based regulatory system that aims to increase the confidence of students and employers in the integrity of VET qualifications.

The [National Code 2018](#) forms the platform by which ASQA regulates training provider behaviours and training services delivered to international students.

ECOC continues to demonstrate ongoing compliance with the VET Quality Framework, specifically the Standards for Registered Training Organisations guided by its own quality management and operational framework. In addition, Everthought College of Construction meets the requirements for CRICOS registration. Requirements demonstrated by ECOC and approved by ASQA in order to maintain CRICOS registration include that:

- only full-time courses are provided to international students
- the expected duration of the course does not exceed the time required to complete the course based on full-time study (for VET courses, this is a minimum of 20 scheduled course contact hours per week unless specified by an accrediting authority)
- the expected duration of the course includes any holiday periods or any work-based training
- any work-based training to be undertaken as part of the course is necessary for the international student to gain the qualification and there are appropriate arrangements for supervision and assessment of international students
- the course is not to be delivered entirely online or by distance learning
- ECOC and any partners it engages with to deliver courses have adequate staff and education resources, including facilities, equipment, learning and library resources and premises, to deliver courses to international students
- the maximum number of overseas students proposed reflects the appropriateness of the staff, resources and facilities for the delivery of courses.

Section 9. APPENDIX A - FREQUENTLY ASKED QUESTIONS

Can a provider promote and market a course for which it has applied, but is yet to receive, registration?

No. Providers must not promote and market a course while an application for CRICOS registration is awaiting approval. However, a provider may inform prospective and enrolled students that it has applied for registration of a course.

Will the Department of Education, Skills and Employment make information on “bad” agents available to providers?

The Department will advise a provider if they become aware a provider is using an agent that: engages in dishonest practices; facilitates the enrolment of non bona fide students; or engages in false or misleading advertising and recruitment practices. If the provider continues to use the agent, the provider risks breaching the National Code and may have sanctions imposed on their registration. The department cannot, for privacy/defamation/natural justice reasons, issue a “black list” of agents about whom there have been concerns.

Why is Department of Education, Skills and Employment allowing agents to access to PRISMS?

The Department is allowing agents to create CoEs if the provider has given them authorisation to do so via the PRISMS User Registration form. The provider must approve these CoEs. The provider must not allow an agent they suspect of inappropriate behaviour access to PRISMS

What constitutes ‘active recruitment of a student already enrolled with another provider’?

Active recruitment of a student is when an agent or representative of a particular provider speaks or writes directly to a student and promotes a provider or course as superior to and/or cheaper than the provider or course in which the student is currently enrolled, with the intention of encouraging the student to transfer from his or her current provider.

Answers to the following questions are available on the ASQA website at: <https://www.asqa.gov.au/faqs>

- Are equivalent training products automatically added to CRICOS providers’ scopes?
- Can an overseas student who holds a student visa undertake additional study at the same time as their principal course?
- Can I add an ELICOS non-award course to my scope?
- Can I offer the same CRICOS course with different durations?
- Does a National ELT Accreditation Scheme (NEAS) accredited English language school offering courses to overseas students apply to ASQA for registration?
- How can I check the status of my application?
- If I need to add a course to my CRICOS scope, do I also need to add it to my RTO scope?
- Will it cost to change mode of delivery?
- Will it cost to change tuition fees?
- How long must CRICOS student assessment items be kept for?
- If an overseas student has a confirmation of enrolment (CoE) from another provider, can an RTO that is not CRICOS-registered still deliver courses to that international student?
- If an overseas student is already studying 20 hours/week, are they allowed to study another course in their own time?
- Is a CRICOS provider required to provide health cover for its students?
- Is there a requirement for specific holiday periods for CRICOS courses?
- Does ASQA investigate complaints about CRICOS providers?
- What standards do I need to comply with as a CRICOS provider?
- What is the required staff-to-student ratio?
- Can an RTO enrol an overseas visitor into a course and not be CRICOS registered?

How do students benefit from the new Tuition Protection Service (TPS)?

Under the previous system, students had their placement activity managed for them by the Tuition Assistance Scheme or failing that, by the Fund Manager, with limited say in their alternative enrolment.

The TPS gives students greater control and responsibility within the placement process by allowing students to make a choice from available alternative placement options. A more direct relationship in placements between affected

students and prospective providers should lead to a more efficient and effective outcome for students and the sector as a whole. Students should also benefit from more timely placements, or refunds where necessary, and a smoother transition to new providers.

Is a student's visa status likely to change during the placement and refund period?

A student's visa status does not change during the placement and refund period. However, where a student is refunded an amount of unexpended pre-paid tuition fees by the TPS Director, the Department of Immigration and Border Protection will be notified so as to assess that student for any visa compliance requirements.

Does a student have to take an alternative course if there is a suitable option available?

The TPS is a placement model with refunds provided as a last resort. It is a condition of the student visa program that students maintain their enrolment and attendance, so the preferable outcome is that students receive the tuition for which they have come to Australia and paid for.

The expectation is that students will accept an alternative place if one is available, for which they meet all the entry requirements and there is no cost disadvantage to them. However, the student is not compelled to accept an alternative place and is eligible for a refund of unexpended tuition fees. The student does need to confirm visa implications with Department of Immigration and Border Protection, but other options might include enrolling in a completely different course, other visa types or returning home.

What happens in the event that a student cannot find an alternative course option?

In a situation where a student cannot find an alternative course during the placement period the student is eligible to request a refund of the unexpended portion of pre-paid tuition fees.

Can students still receive a full refund of pre-paid fees if their provider closes?

No. A student is eligible to receive a refund of the unexpended pre-paid tuition fees which the student has paid to that provider. That means that the refund arrangements have changed from full refund to partial refund and cover only that portion of tuition for which the student has paid but for which tuition has not yet been received. These changes recognise that the existing full refund burden on providers has been unreasonable and a disincentive to meeting their refund obligations under ESOS. It also recognises that student's part-way through a course of study, should be able to obtain credit for units at another education provider of similar standing.

Following default, the provider has 14 days to fulfil its obligations to affected students. During this time the provider is able to either offer the student an alternative place which is acceptable to the student, or the appropriate refund amount. In the event the provider does not satisfy this obligation to an affected student, the TPS Director will facilitate access for the student to course placement as described above.

What proportion of pre-paid course fees do providers have to refund to students when required?

The ESOS Act has been amended to limit refunds paid to students to the portion of the course for which the student has paid but which has not been delivered or assessed in the event of a provider closure.

The TPS model outlined above states that when a defaulting provider fails to meet its refund obligation, the partial refund amount is calculated and is available to place the student in an alternative course in the first instance, and failing that, to provide a refund.

The method of calculating refunds is prescribed in a legislative instrument under the ESOS Act.

What documents will assist the TPS in determining a refund of pre-paid tuition fees?

To assist the TPS in calculating the refund of tuition fees for the part of the course for which the student has paid but which has not been delivered or assessed in the event of a provider closure, students should keep the following documents:

- Student agreement with the provider;
- Original receipts for tuition fees pre-paid to the provider;
- Bank statements; and
- Other relevant correspondence which identifies the amount of prepaid fees paid (e.g. an email or SMS between the provider and student).
