# CPC60220 Advanced Diploma in Building and Construction (Management)

The CPC60220 Advanced Diploma of Building and Construction (Management) provides you with the technical and management skills to become a builder open and/or construction manager, covering work in commercial applications.

In this course you will be assessed for your knowledge and skills designed to meet the needs of builders or senior managers within the building and construction industry who apply knowledge of building, construction and sustainability systems and processes, structural principles, codes, standards and legal obligations to construction projects including high rise.

Everthought assesses your skills, knowledge and experience against nationally accredited qualifications or units of competency. This means that you may not need to complete any additional formal study where you can provide sufficient evidence of your industry experience or previous training. Gap Training can be provided as required. Everthought will guide you through its easy five-step process.

Training is delivered by accredited trainer/assessors with current industry experience. Upon successful completion of this course, students may be eligible for exemptions for a Tertiary level qualification or higher degree.

## Course Information

### Duration

2 – 8 weeks dependant on levels of experience and knowledge

### Entry Requirements

3 to 4 years demonstrated experience with a minimum of two work referrals from qualified builders

### Career Opportunities

Construction Manager

### Location

Virtual assessment plus completion of any Gap Training required

Training is delivered by accredited trainer/assessors with current industry experience. Upon successful completion of this course, students may be eligible for exemptions for a Tertiary level qualification or higher degree.

## Course Information

### Duration

12 - 24 months

### Entry Requirements

Prior to commencement, you will be required to undertake a quiz that will enable us to identify if additional learning support may be required. Aside from the quiz, there are no pre-entry requirements to the course; even if you are brand new to the Building Trade, with the right attitude and appetite to learn, you will be able to join the course. There are work based components which will require you to work within the sector to complete the work based units.

### Career Opportunities

Construction Manager
